a GAIN Gender & Agency Lecture by Rosalind Gill

15–16 April,
2021
Online via
Zoom

GAIN – Gender: Ambivalent In_Visibilities

The research platform „GAIN – Gender: Ambivalent In_Visibilities“ was established in January 2020 and aims at attending to the complex and ambivalent processes that give rise to intersectionally gendered in_visibilities.

Originally, the kick-off conference had been scheduled for April 2020, but had to be cancelled due to the pandemic.

Now GAIN is pleased to host its inaugural conference „Gender: Ambivalent In_Visibilities“ online via Zoom from 15-16 April 2021 in cooperation with colleagues from Hungary.

In addition to interdisciplinary panels, which will cover a broad range of topics, we are delighted for this year's first GAIN Gender & Agency Lecture by Rosalind Gill on the topic of “Posting a perfect life: Affect, social media and fear of getting it wrong”.

The **zoom registration links** will be published on the GAIN Facebook page and the GAIN homepage.
